# Steps for ordering Varilux® XR track

if your Practice Management System <u>DOES NOT</u> have a Near Vision Behavior (NVB) field

Please DO NOT put the NVB values in special instructions. The job will not be processed.

- **Option 1** – Call your *Varilux XR track* order in directly to your lab. Provide the lab with the 7-digit alphanumeric code provided for the patient's measurement results on your Eye-Ruler™ 2.

- **Option 2** – Go to VisionWeb.com directly. Login and place your *Varilux XR track* order, providing the 7-digit alphanumeric code provided for the patient's measurement results on your *Eye-Ruler 2* in the Near Vision Behavior (NVB) field, in the "Personalization data" section of the order.

- o If you do not have a VisionWeb.com account already or need additional assistance, please contact Visionweb directly.
    - Call Visionweb Customer Service: 1-800-874-6601
    - Email: pmsupport@visionweb.com

The following practice management systems do not currently have an NVB field (as of 6/27/23) and thus the above steps will need to be utilized.

- MyVisionExpress
- EyefinityPM
- Maximeyes
- AcuityLogic
- Foxfire
- Nextgen
- Practice Director

- EClinicalWorks
- Acuitas
- Eyecloud Pro
- Flexsys
- IMedicware
- LiquidEHR
- Nextech
